The Frankfort Commonwealth. A. G. HODGES & CO., PROPRIETORS.

J. H. JOHNSON, Editor.

The Proprietors of the Commonwealth, grateful

for the generous patronage which has been bestowed upon them, are determined to furnish their patrons a journal which shall be unexcelled in any of the departments which comprise a first class

Published at the Capital of the State, it will be ennbled to furnish its readers with the latest intelligence of the actions of the higher courts and of the various departments of the State. It will also contain the latest telegraphic news of stiring events, and also of the New York, Cinciunati. Louisville and New Orleans markets.

In politics the Commonwealth will be conservative, occupying a middle and nntagonistic ground in reference to the two extremes. The old parties broken up, and old issues virtually dead, the vitul question nt present is Union or disunion. The DR. J. G. KEENON, Commonwealth is for the Union, believing it to be Commonwealth is for the Union, believing it to be the greatest safeguard for our rights, as well as our most effective auxiliary in our efforts to obtain zens of the town and vicinity. redress for our wrongs. Its conductors do not rogard disunion as a remedy for any of the wrongs of the South, but rather an aggravation. It will contend for the equality of the States in the Union, end for the absolute non-interference by Congress with the domestic affairs of the Statos and Territories.

We shall aim to make the Commonwealth an acceptable and appropriate fireside companion. It will contain selections from the choicest literature of the day, prose, poetry, &c.

The WEEKLY will be printed on extra double medium paper, in new and beautiful type.

Terms, in advance, for the Tri-Weekly, \$4 per Terms, for the Weekly \$2 per annum.

Intermitteut Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilions Headache, and Bilious Fevers, indeed for the whole class of diseases originnting in biliary derangement, caused by the Malaria of miasmntic countries.

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quan-

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of Fever and Aoue from the system and prevents the development of the disease, if taken on the first upproach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the chennest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever AND AGUE prevails, every body should have it and use it freely both for cure and protection It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other over discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never

Fever and Ague is not alone the consequence of the minsmatic poison. A grent variety of disorders arise from its irritation, among which arc Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Pninful Affection of the Spleen, Hysteries, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken eccasionally or daily while exposed to the infection, that will be exercted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even mor valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy af-

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Honrsencss, Cronp, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the eases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten. So wide is the field of its usefulness and so nube forgotten. PREPARED BY
